Dear Archimede's Friends,

After long preparation we are finally completing the limited edition of the

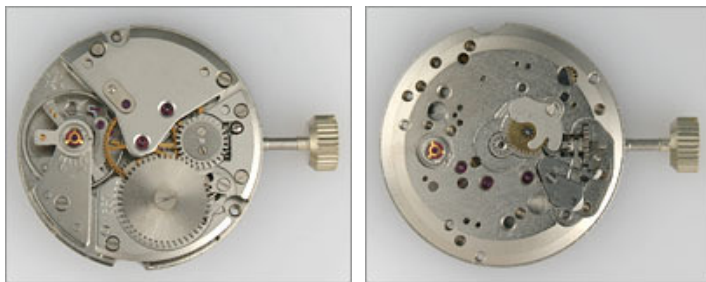

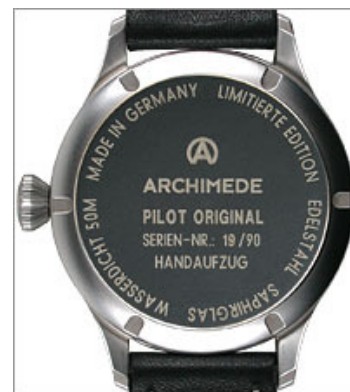

PILOT Original

Limited Edition / 90 Watches / JH 687 Manual Winding

Since starting the successful Archimede Pilot series there has been increasing requests from our customers for a version in the original design of the old B-Watches: no calendar, no brand name. In 2005 we discovered a small quantity of the **historic manual winding Junghans 687 movements**. We decided immediately to buy them and offer the 'Pilot Original' with a German made movement, which is no longer in production.

It took us almost two years to have everything prepared and manufactured: The cases (D=42mm, TH=10mm) with a solid case back, the dials in the historic design, blue minute and hour hand with white Super Luminova. The blue second hand is also luminous.

The basic movement of the 11 1/2" '687' is the 'Junghans 87', which was developed in 1956. Our movement is a successor and was manufactured from 1961 to 1969. It was one of the last mechanical movements produced by Junghans.

The movements are 40+ years old and were manufactured with the best possible precision at that time. We carefully disassembled, cleaned and regulated them to achieve best possible accuracy for these historical movements.

There will only be 90 of this limited edition available. We are now in the process of assembling the watches and can ship the first pieces in January 2008. The price is \$ 720, -. Please contact us if you would like to reserve one of these rare timepieces.

Arcadia Twotone

The Arcadia two tone was sold out for some weeks. We expect to offer it again end of January 2008.

Goldene Unruh 2008

The Pilot Chronograph has reached the final of the 10 best watches in the 'Goldene Unruh 2008' contest. If you want to give your vote for Archimede or another brand here is the link:

At the end of the year 2007 we from Ickler want to thank our customers and friends and we wish you all the best for 2008.

Best regards from Pforzheim, Germany

Thomas Ickler
