Colnago Carbitubo carbon frameset,

This very special frameset, the Ernest Colnago concept from about 1988: carbon tubes with the aluminum connections. The very special thing is the double main tube. This concept frames ever done, this one, bititan and the dual ergal. This makes this frame very special.

As this is colnago, even if this model was produced byALAN, this frame has a lot of very pretty details, colnago engraved logos etc.

In my opinion, this is the prettiest version of the Carbitubo with the carbon naked tubes and also naked aluminum luges. The later versions were too colored. This one is truly amazing.

I have got it for me last year but finally I decided to let it go as this baby is slightly too big for me, I should have 57 or 58 size and this is 60.

As I have got it, the frame was without a fork. Here, you have the original straight aluminum fork that cost me a fortune as this piece is extremely hard to find.

As you see, the frameset is nice condition. It will definitely need some rework to make this frame very special. The fork is like new, nothing to say. There is a very little sign, kind of on the head tube. No idea if this is the crack but I prefer to tell you about it.

As I built this frame and tried it a few times, everything was fine.

The size :

- The length of the top tube 58 cm center to center
- The length of the seat tube 60 cm center to center
- The length of the head tube 188 mm
- 700cc wheels
- 1,36 x 24 ITA threaded BB required

Do not forget to look at my other auctions, there are many interesting things for your bike !

Take some of them more and save on shipping costs as I will always reduce them for you.

But watch out, you would have to find out how to justify the presence of some new bicycle parts at home in front of 'Mrs' ☺ ☺ ☺ ... but this is what we all do. I used to tell her the half works out !!!

I would really appreciate if you manage to arrange the payment within 48 hours after the end of the auction or after your purchase. If you decided to continue shopping in my little bike : It is just to avoid the reminders.

PLEASE, NOTE THAT THE ITEM WILL BE SENT FROM FRANCE AND THE SHIPPING COSTS ARE FOLLOWING :

- **FRANCE 18 EUROS**
- **EUROPE 38 EUROS**
- **NORTH AMERICA 75 EUROS**
- **SOUTH AMERICA, AUSTRALIA AND ASIA 90 EUROS**

IF I MANAGE TO SEND IT FOR LESS. I WOULD BE GLAD TO REFOUND YOU THE DIFFERENCE.
